Project Name	Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer
Maximum Marks	2 Marks

Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

I am	Describe customer with 3-4 key characteristics - who are they?	Describe the customer and their attributes here
I'm trying to	List their outcome or "job" the care about - what are they trying to achieve?	List the thing they are trying to achieve here
but	Describe what problems or barriers stand in the way - what bothers them most?	Describe the problems or barriers that get in the way here
because	Enter the "root cause" of why the problem or barrier exists - what needs to be solved?	Describe the reason the problems or barriers exist
which makes me feel	Describe the emotions from the customer's point of view - how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers

Example:

I am An IT procurement team member	I'm trying to Order standard laptops and get them configured	But Configuration tasks are not created automatically	Because The procurement process lacks automation	which makes me feel Frustrated
--	--	---	--	--

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A member of the IT procurement team	Order standard laptops and have them configured promptly on arrival	The configuration task is not automatically created or assigned to Hardware	The process lacks automation, so the configuration step may be overlooked or delayed	Frustrated and concerned about delays and extra manual effort
PS-2	A user who has requested a standard laptop	Receive a configured laptop without a long waiting time	The laptop is not ready for use because its configuration is delayed	No task is automatically raised for the Hardware team after approval, wasting IT resources	Inconvenienced and dissatisfied with the wait
